

Remove Harmful Particulates From Indoor Air.

Installing a quality GeneralAire® MERV 11 Air Cleaner can reduce allergy and asthma symptoms and improve other chronic health conditions adversely affected by harmful particulates in your home's air.

How The MAC Air Cleaner Works:

Air passes through your new MAC Air Cleaner where particulates are captured within the MERV 11 fibers of the filter media. The air leaving your MAC Air Cleaner is healthier and safer for your family.

Details inside or go to: www.generalfilters.com

Maintenance

Maintenance of your new GeneralAire® MAC Air Cleaner is minimal. To ensure peak performance and reliable operation, simply replace your filter media once each 6-12 months. Go to www.generalfilters.com / videos / maintenance videos to learn how to perform maintenance.

Install An Air Cleaner In Your Home To:

Improve Your Health:

Studies show poor indoor air quality is linked to heart disease, high blood pressure, cancer, diabetes, asthma, Alzheimer's, and many more chronic diseases. Ensure good health with a quality air cleaner.

Reduce Allergy Symptoms:

Pollen is a major allergen that can cause miserable symptoms such as a runny nose, itchy eyes, sneezing and more. Skin flakes, urine and saliva from pets can all become airborne.

Why A Whole-House Unit?

- Treats Your Whole House 24 / 7 / 365
- Requires Minimal Maintenance
- Out of Site
- Quiet

Airborne particulates are a year-around issue

Capture particulates before they reach your nasal passages and lungs.

Reduce Illness

Studies show that breathing in airborne particulates can exacerbate and even cause serious chronic health concerns that include lung ailments (allergies, asthma), diabetes, obesity, heart disease, and even cancer.

Remove airborne pollutants

MAC air cleaners trap harmful pollutants like dust, pollen, viruses, dust mites, and more.

Minimize allergy and asthma triggers

Fewer particulates in the air mean fewer allergy and asthma triggers, making those suffering feel better.

Protect Your Home

MAC air cleaners protect your HVAC system, ensuring it works more efficiently while minimizing repair costs.

Eliminate pests

Pests thrive in homes with dust, dirt, and mold; including airborne dust mites.

Sleep better

With fewer airborne particulates in the air, you'll do a lot less sneezing or scratching, and a lot more sleeping.

Reduce stress

People that feel better, sleep better, and have more energy feel less stress. In addition, having to clean less also reduces stress.

- Removing airborne particulates from indoor air before they reach your lungs is essential to long-term health.

GeneralAire® Has Your Solution

Remove pollutants throughout your entire home with the new **GeneralAire® MAC Air Cleaners**. Protect your home and its contents, while also offering you and your family greater health and comfort.

The Benefits

- Minimal maintenance.
- Treats the entire home.

GeneralAire® MAC
Air Cleaners

Easy to install. *Easier* to maintain.

MAC 1200, 1400, 2000, 2020

- MERV 11 (Removes 65% airborne particles 1.0 to 3.0 microns).
- MERV 13 filter options available (MAC 1400, MAC 2000, MAC-L, and Perfect Platform only. See back page for ordering information.).

Door

- Reliable "Snap Action".
- ThermoPlastic molded door.
- Easily removed for filter media replacement.
- Built to last.

Perfect Platform & MAC-L

- MERV 11 (Removes 65% airborne particles 1.0 to 3.0 microns).
- Built for tight installation places.
- Easy lift-out door makes filter replacement quick and easy.

The Comprehensive Approach to Indoor Air Quality

Creating a healthy indoor air environment requires a comprehensive approach; one that eliminates harmful pollutants and sources of discomfort in your home. Humidity control, air purification, and particulate removal are equally important components of that plan.

Install a GeneralAire® Steam Humidifier 5500 for those dry winter months. Prevent dry sinuses that exacerbate allergy triggers and heighten the risk infection. Adding humidity also helps to mitigate the spread of infection within your home.

Contact your local contractor to learn more about how to create a healthier and more comfortable home for you and your family. Visit us at www.generalfilters.com for more on indoor air quality.
