REDSTONE SERIES

Built-in Flush Mount Conventional Electric Fireplace

Modern Flames has revamped its built-in, flush mount conventional fireplace category with its new RedStone electric fireplace. The RedStone feature our new Hybrid-FX™ flame technology maximizing the flame height in an enlarged vertical viewing area. Some of the eye-catching features include high intensity RGB independently controlled up lighting, down lighting & flame color. Other standard features include 10 different unique colors to choose from, variable and thermostatically controlled heat, variable motor controls, timer, push button and remote controls. This conventional design can slide into an existing Zero Clearance wood burning fireplace or will need 10" of depth in a wall for the built-in flush mount look. The RedStone plugs into a standard outlet and includes a 5000 BTU heater. Acrylic crystal media and driftwood logs are both standard media & the RedStone is available in sizes 30", 36" & 42".
