

GD930

Durability that's meant to last

**NILFISK**

# Vacuum anytime, anywhere day or night

You'll unlock brand new levels of productivity so that you can clean any space faster and more efficiently than ever before - yet it is also quieter than ever, allowing you to clean anytime without disrupting anyone. The GD930 can be used for restoration projects as well as light industrial use.

# Silence meets power

Improving on perfection

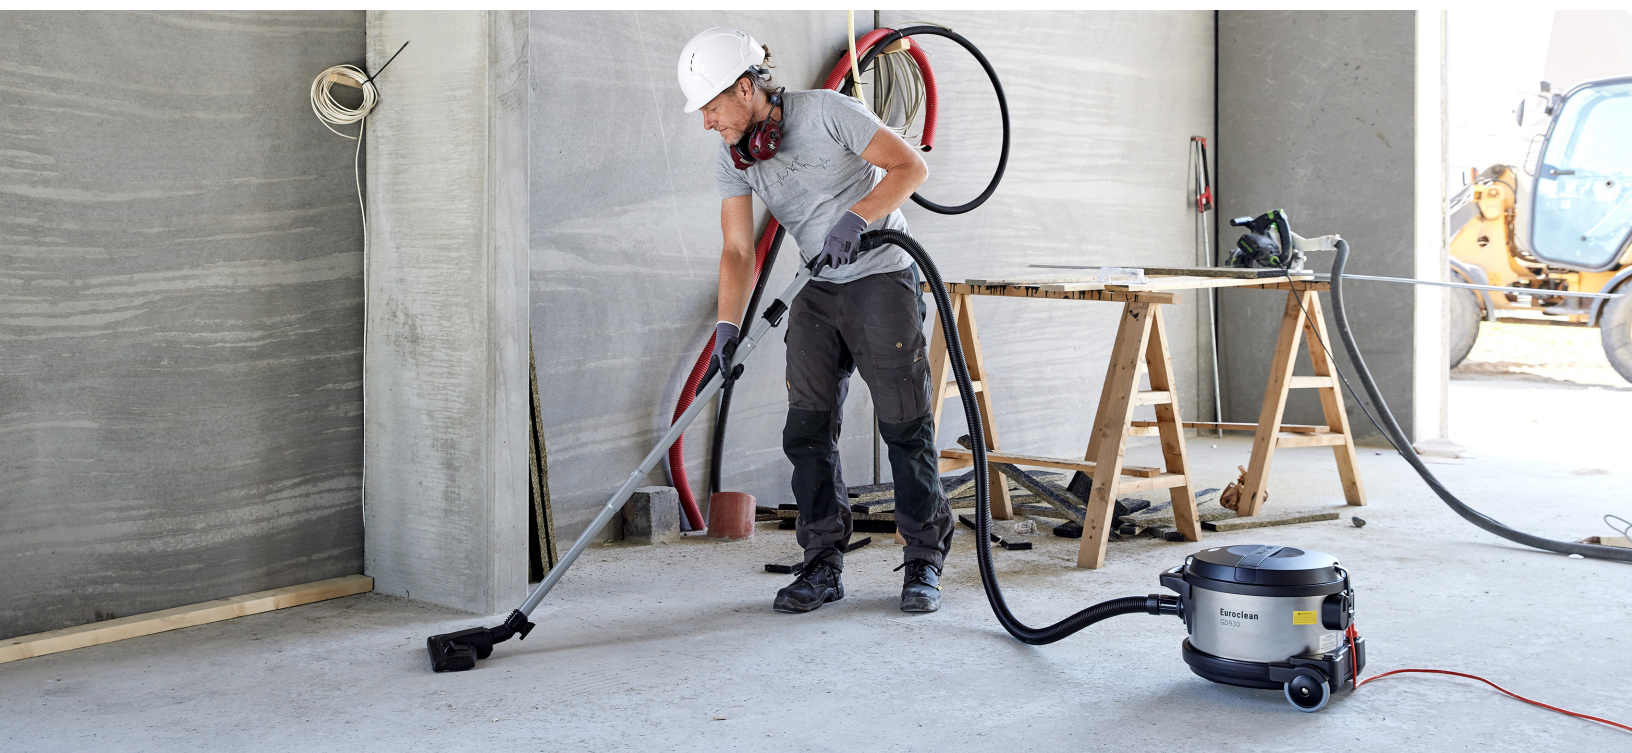

**Powerful performance** Outstanding suction and optimized airflow increase performance while delivering on efficiency.

**Get cleaner air** Boost filtration by up to 10% with certified HEPA filter and fleece bags.

**Save time and lower costs** Use fewer bags with 15-liter net filling capacity dust bags. Vacuum longer without having to change bags.

**Avoid costly repairs and downtime** Seamlessly and quickly replace the detachable cable by any operator.

**Clean quietly** Clean anytime, anywhere, day or night without disturbing anyone. Extremely silent in relation to its power.

# Your go-to for uninterrupted business operation

Cleaning in sound-sensitive areas with unmatched power

## Technical specifications
