

# INSTALLATION

It is important that the installation instructions below are followed for successful installation of this Portable Air Conditioner. Please call Customer Support if you have any difficulties or queries regarding these installation procedures.

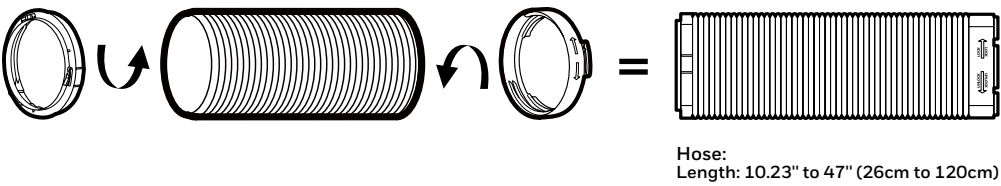

**Installation Kit:**

- |                                 |           |                 |           |
|---------------------------------|-----------|-----------------|-----------|
| 1. Window Bracket Kit           | (1 Set)   | 4. Exhaust Hose | (1 Piece) |
| 2. Window Bracket Panel Adapter | (1 Piece) | 5. Drain Tube   | (1 Piece) |
| 3. Exhaust Hose Connector       | (1 Piece) |                 |           |

**Installation Steps:**

1. Stretch the ends of the exhaust hose and rotate the thread of the window bracket panel adapter counter clockwise onto hose to the end of thread and repeat the same steps for the exhaust hose connector. Ensure proper fit on both ends.

# INSTALLATION (CONTINUED)

## Window Bracket Kit:

**Part A:**  
Length 19.9" (50.5 cm)

+

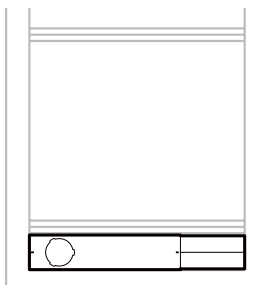

**Part B**  
Length 19.9" (50.5 cm)

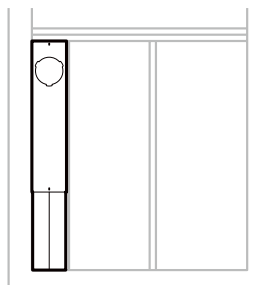

=

**Part A + B:**  
Min. Length 28.9" (73.3cm)  
Max. Length 38.2" (97.0 cm)

**Horizontal Sliding Window**

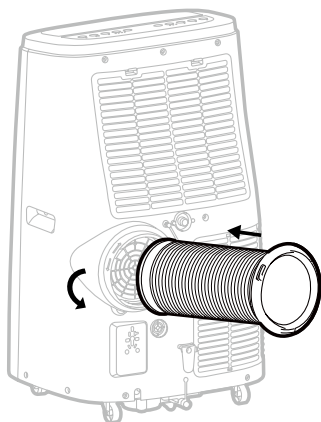

**Vertical Sliding Window**

This window kit is designed to fit most standard sliding windows. If your window is outside of the size parameters as outlined above, the window bracket can be cut shorter to fit by bringing it to a nearby hardware store.

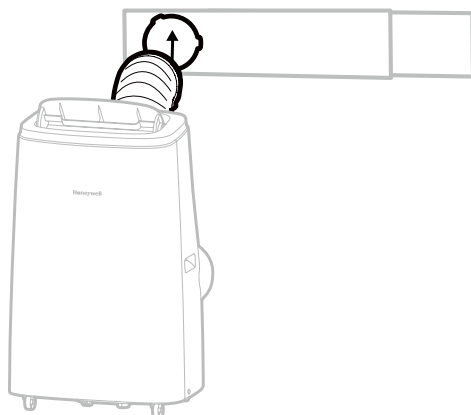

**Note:** After setting the window bracket to the size of your window, please remove it from the window and follow the instructions below.

2. Connect the hose to the rear exhaust outlet on the back of the unit. Slide-in the hose connector then rotate clockwise until it is locked in place.

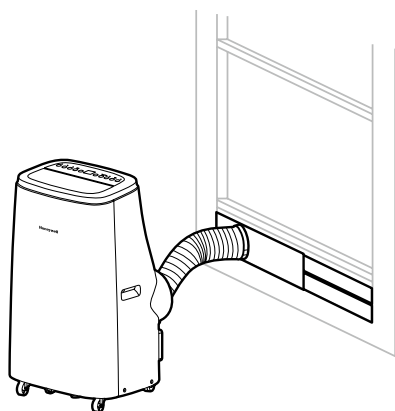

**Hose:**  
Dia. 5.9" (15cm)  
Length: 10.23" to 47" (26cm to 120cm)

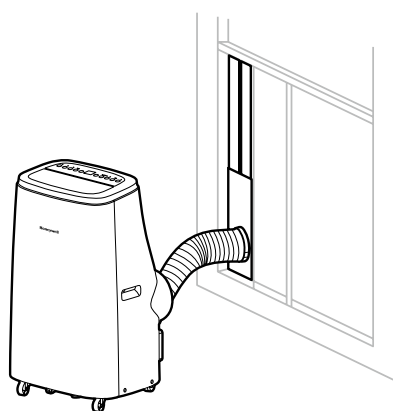

3. Connect the window bracket to the window bracket panel adapter. Ensure that all connections are tight and installed properly.

4. Connect the window bracket to the window.

Horizontal Sliding Window

Vertical Sliding Window

5. The Portable Air Conditioner is now ready to use.
