

Next- Gen

IW-25-6

How do you take the best selling, revolutionary, wall mounted, tankless dehumidifier and make it even better?

You listen to your customers and innovate!

Welcome to the next generation of wall mounted dehumidification. We kept all of the great features you have come to appreciate and added more. Things like updated styling, higher energy efficiency, multiple fan speeds and enhanced user controls. Here are the highlights:

- **Updated Styling**

- Sleek and clean look
- Fits with any décor
- Same size and mounting options as prior generations

- **Improved Energy Efficiency and Airflow**

- Energy Star 6.0 Compliant
- Multiple fan speeds – High and Low settings

- **Enhanced User Controls**

- Residential – easily accessible control panel
- Multi-family – restricted access with use of included security cover
- World Wide – Wi-Fi control of all settings and data with our optional  DehuLink™ system

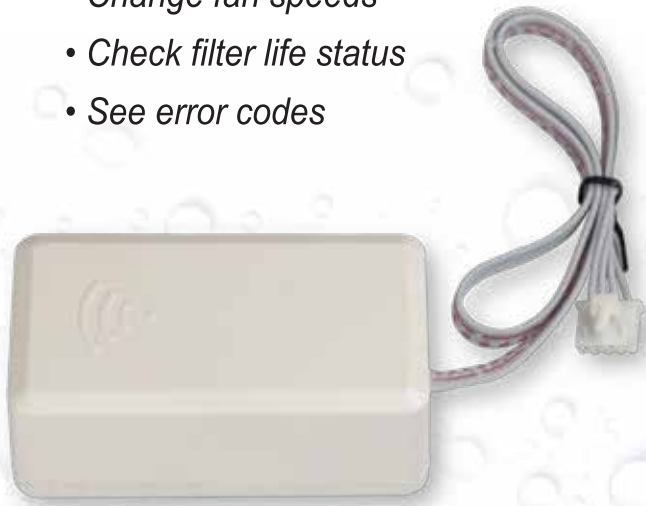

DehuLink™

Humidity Happens, but now you can take control of it from anywhere in the world. DehuLink™ is an optional Wi-Fi module for the IW-25-6. It is a simple plug and play product that can be field installed. Anything you can display or control while standing in front of your IW-25-6 you can do from your smartphone.

Things like:

- Turn the unit on/off
- Check room relative humidity
- Check room temperature
- Change the relative humidity setting
- Change fan speeds
- Check filter life status
- See error codes

INNOVATIVE DEHUMIDIFIER
 Break the mold
