

BIG ASS FANS™

BANDIT®

THIN PROFILE. THICK SKIN.

THE BARREL FAN THAT DOES IT ALL

Bandit is the trusted and versatile solution for industry-leading airflow on the go. Durably engineered with impact-resistant rotomold housing and a gearless direct-drive motor for quiet, powerful performance, it redefines what barrel fan technology should be. Whether you need to cool people and products, dissipate fumes and odors, or rapidly dry slick surfaces, Bandit always has your back.

KEY FEATURES

- OSHA-compliant steel cage with locking swivel casters
- Variable speed control with adjustable dial
- 110–120 or 208–240 VAC
- 42" (1067 mm) diameter

BENEFITS

- Up to 5-year warranty
- Conveniently sized for quick use and easy storage
- Custom-designed blades for maximum airflow and noise control
- Indoor and outdoor ready with an IP55 rating
- Arrives pre-assembled for immediate use
- EC motor for quiet, efficient performance

¹ Fans are sound tested at maximum speed in a laboratory environment. Actual results in field conditions may vary due to sound reflecting surfaces and environmental conditions.

² Cord length may vary depending on region.

³ Not suitable for salt air environments. Do not leave fan outdoors for extended periods of time or in anticipation of inclement weather.

Lead times may vary.
See full warranty for coverage information.

BANDIT[®]

AIRFLOW

AIRFLOW VELOCITY

The three lines show air velocity from the center of the fan at three sensors of varying height.

AIRFLOW COVERAGE

Shaded areas represent cooling up to 120 feet (36.6 meters). That's one-third the length of a football field! Darker shading indicates faster air speeds.
