

Advanced Electronic Deodorizing Technology

QT Lightning

Ozone Generator

The **Queen Aire QT Lightning** delivers the highest ozone output in the Queen Aire line, producing up to 1,800 mg/hr to tackle even the toughest odor problems quickly and effectively.

With a 60-minute timer, the unit can be set to shock-treat an unoccupied area, then shut off automatically, allowing the ozone to safely dissipate before the space is reoccupied. The QT Lightning provides fast-acting, powerful odor removal for areas up to 16,000 sq. ft., making it ideal for commercial, residential, and industrial applications.

Key Benefits

- ✓ **Destroys Odors at the Source:** Oxidizes and eliminates odor-causing gases from smoke, pets, food, mold, mildew, garbage, and renovation VOCs—removing odors rather than masking them.
- ✓ **Broad-Spectrum Treatment:** Neutralizes contaminants in the air and on surfaces, including fabrics, walls, ceilings, and water.
- ✓ **Independent of Airflow:** Unlike filters or traditional air purifiers, ozone disperses naturally to reach and treat the source of contamination.
- ✓ **Ion Generation for Cleaner Air:** Corona discharge technology produces ions that cause dust and particulates to clump together and settle, improving overall air quality.
- ✓ **Enhances Environmental Hygiene:** Promotes cleaner, healthier, and more sanitary spaces by addressing both airborne and surface contaminants.
- ✓ **Versatile Applications:** Effective across restoration, remediation, facility maintenance, and other commercial or industrial environments.

Maintenance Kits

Keep Your System Performing at Its Best

Any device that moves air through it needs regular cleaning and preventive maintenance—just like HVAC systems, automobile cabin air filters, or room air cleaners. Queenaire, Rainbowair, and Newaire systems are no exception. Routine maintenance helps your equipment operate safely, efficiently, and consistently to deliver the fresh, clean air you expect. That's why we provide maintenance kits for all of our products, making it easy to protect your investment and keep your system performing at its best.
