

R27P

CLEAN AIR DELUXE UPRIGHT VACUUM

The Riccar Clean Air Premium Pet Upright vacuum is built to handle households with pets, teenagers and everything in between.

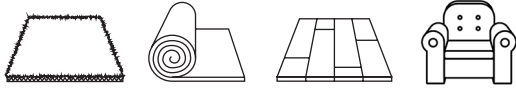

With powerful performance, and pet-focused innovation, it works as hard as you do to keep your home spotless.

The R27P has all the features you've come to expect from Riccar, plus an advanced dust and allergen sensor, onboard tool storage to ensure attachments are easily accessible and a non-marking furniture guard that protects against accidental bumps and scuffing.

Clean Air Premium Pet Upright Vacuum

CARPET | RUGS | BARE FLOORS | UPHOLSTERY

AN ELEVATED CLEANING EXPERIENCE

The built-in dust and allergen sensor triggers amber lights on the vacuum's headlight to alert you when it detects fur, dander, or dust. The lights turn off when the area is truly clean, so you can be certain you've gotten it all.

HANDLES PET HAIR WITH EASE

With two brushroll speeds and a variety of attachments that extend your cleaning reach up to 15 feet, you can easily remove fur from carpet, upholstery, rugs and more. The innovative edge cleaning nozzle design means you can maneuver right up against the baseboards.

CLEANER AIR, FEWER ALLERGIES

We love our pets — but not the allergies they bring! The pleated HEPA filter captures 99.97% (down to 0.3 microns) of dust and dander to keep your home fresh. The self-sealing bag traps common allergens securely so nothing escapes back into your home.

The high efficiency pleated, Genuine HEPA and Granulated Charcoal Filter Set protects against dust, debris and common household allergens.

SUPPORT

- 5-Year Limited Warranty
- 2 Red Carpet Service Visits
