NOAH Pro — the smart pro humidifier

Automatic shut-off, hygrostat, LED dimmer and filter change reminder

Compatible with Oskar / Karl filter pack

Easy refillable during operation

Function control via smartphone app

Natural humidification through evaporation technology, output up to 1'450 g per hour

The Noah Pro humidifier impresses with his professional humidification performance of up to 1.45 liters of water per hour. This makes him ideal for large and high rooms as well as open-plan living areas, providing energy-efficient optimal humidity. Auto mode automatically selects the appropriate one of the four humidification levels to quickly achieve the desired humidity. Need it even faster? That's what the turbo function is for. The app allows you to check the water level and current humidity at any time and adjust all functions. For an extra feel-good experience, simply add a few drops of essential oil to the fragrance container.
