

Oliver

Humidifier

OLIVER — hygienic humidification made easy

The integrated UV technology destroys bacteria, viruses and fungi

Easy refillable during operation

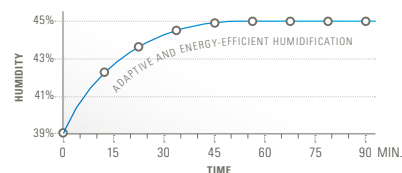

With fragrance dispenser

WITH ADAPTIVE HUMIDITY™ (VERY QUIET)

ADAPTIVE HUMIDITY™ technology automatically adapts the humidification output in Auto Mode in order to reach and keep the desired humidity level quietly and efficiently

As a powerful ultrasonic nebuliser, Oliver rapidly increases humidity. Hygiene is ensured by a UV lamp that illuminates the water before nebulisation, thereby eliminating 99.99 % of all germs. The water tank can be easily filled during operation: Open the lid at the top, pour in the water and you're done. A few drops of essential oil in the integrated fragrance container – and the humidifier also emits a subtle fragrance. The desired humidity can be flexibly adjusted between 30 and 75 % with the hygrostat. In auto mode, the humidification output is regulated automatically – for a quickly achieved and constant humidity level.

Specifications

Humidification output: up to 420 g/h

Room size: up to 60 m² / 150 m³

Tank capacity: 6.8 liter / Power: 11–85 W

6 output levels / Remote control

Fragrance dispenser / Hygrostat / Auto mode

LED can be deactivated / 1–9 h timer

Automatic shut-off / water pre-heating

Placement on floor / reminder function for the cleaning mode

Dimensions: 185 x 375 x 185 mm (w x h x d)

Weight: 1.75 kg

Sound level: 28 – 38 dB(A)

White

Black

Accessories (optional):
Hygiene Tabs
Anticalc cartridge
