DROPLET SIZE	5 - 30 MICRONS
GAS CONSUMPTION	1 LPH
NET WEIGHT	1.18 KG 2.6 LBS
DIMENSIONS	46 X 18 X 27 CM. 18 X 7 X 10 IN.

The BY-200 Butane Fogger is our most compact thermal fogger. Powered by butane it utilizes a built-in VectorClean™ system, preventing coil clogs.

Simply dip the coil into the cleaning tank and pump to remove any residue.

It features a lightweight, compact design and a sturdy base. Although it has a shorter coil and smaller tank, the BY-200 outperforms similar-sized thermal foggers.

It's perfect for applying pesticides, herbicides, and fungicides to smaller areas.
