DIMENSIONS	37 X 16.5 X 26.5 CM 14.6 X 6.5 X 10.4 IN
USE	INDOOR & OUTDOOR
FDA LISTED AS A MEDICAL DEVICE	

The lightweight and versatility of the battery-operated DC10 make it the perfect fogger for small one-off applications where access to electricity is limited. It can fog continuously for 20 minutes with a charge time of 3 hours and spray up to 7 meters (23 feet), making it ideal for applying pesticides, disinfectants, herbicides, fungicides and odor neutralizers in small locations without the need for electricity.
