

400 SERIES

XPOWER AIR MOVERS

Energy Efficient, Powerful & Versatile Professional Air Movers

The 400 Series is available with either rugged ABS or lighter weight polypropylene (PP) housing. Professionals will also appreciate the daisy chain feature available on selected models. It is precision manufactured using state-of-the-art technology to ensure superior performance.

For the following applications, the 400 Series offers both quality and economy when used drying the following:

- Carpets and area rugs
- Hardwood floors
- Basements
- Cellars
- Ceilings and walls
- Bathrooms
- Ceramic tile

As a ventilation device, the 400 Series is a reliable work horse and can be utilized in 4 positions - 0, 20, 45 and 90 degrees. With its low 3A power draw and 1600 CFM rated airflow at top speed, it will do its job quickly and efficiently.

Additional features that distinguish the 400 Series from competitive air movers include:

- Stackability
- Daisy chain (optional)
- 3 Speeds
- Light weight

The 400 Series is ETL/CETL safety certified globally.
